## ACADEMIC PROJECTS

- ❖ **Real-Time Chat Application**  
Built a React.js chat app with Firebase backend for real-time messaging. Features instant updates, user authentication with google, and a responsive interface.
- ❖ **Blog App**  
Built a full-featured Blog App using React Router, Redux Toolkit, and Appwrite for backend services. Includes Signup/Signin, protected pages, a visual editor, image uploads, and more. Designed for scalability with a seamless user experience.

## EXPERIENCE

- ❖ **Front-end Intern** Oct 2024 - Dec 2024  
*Experts 360 Solutions -*  
As a Front-End Intern, I built user-friendly interfaces using HTML, CSS, JavaScript, React.js, and Tailwind. I enhanced website responsiveness, collaborated with senior developers.
- ❖ **Sales Executive** Mar 2024 - May 2024  
*Quixotic Creatives / Gulshan, Karachi -*  
As a Sales Executive, I drove business growth by identifying leads, pitching services, and closing deals. I also built client relationships and collaborated with teams.
